Dear Friends,

On behalf of the International Society for Experimental Microsurgery (ISEM), I would like to extend our heartfelt appreciation for your participation in our 16th Congress held in Genoa, Italy.

The congress was truly exceptional, featuring remarkable research presentations, engaging educational sessions, and the introduction of highly advanced technologies by enthusiastic individuals like yourself. It served as an ideal platform for networking, allowing attendees to connect, exchange ideas, and forge meaningful relationships.

We deeply value the importance of our members and understand the significance of your commitment to attending this event despite your busy schedule. We sincerely hope that you found the congress enjoyable and informative.

In recognition of your participation and to demonstrate our sincere interest, we are pleased to offer you a **FREE OF CHARGE MEMBERSHIP FOR 2023** as a token of appreciation for attending ISEM 2023. Starting January 2024, should you choose to continue your membership with ISEM, the annual fee will be \$75,( \$50 for young members <35yo) payable through PayPal or check.

Joining our society goes beyond simply attending meetings; it also entails active involvement and sharing important events in your research or clinical endeavours with your colleagues.

To facilitate this exchange, we encourage you to send any exciting updates or events to Dr. Jenny Zhang ([zjzhang@northwestern.edu](mailto:zjzhang@northwestern.edu)) and Dr. Naomi Lammens ([naomi.lammens@kuleuven.be](mailto:naomi.lammens@kuleuven.be)) to be featured in ISEM Newsletter to be shared with ISEM community.

Once again, we extend our sincere gratitude for your participation in our community.

We truly value your presence and look forward to your continued engagement with ISEM.

Warm Regards,

Dr Shintaro Yagi  
President ISEM

Dr Yelena Akelina  
Secretary General ISEM
